**My name is Kelly Leem, and
I'm currently a student attending Queens
College.**
Short description of who I am

By society's standards, I look normal.
But, by society's standards, my mind is far from it.
So, delve into my mind and see what art looks like through
my eyes, because
life is art,
you are art,
I am art.

This potrait was inspired by an L.A. musician named “Reddish Blu”. Along with having a very interesting history together, her music exudes the color her name makes when mixed, purple. As the color means being compassionate, understanding, and ambitious, she is the embodiment of all those words as she continues to peservere and create works of art through sound.

The fourth image repressnts "playful".
The fifth image symbolizes "bold".
The sixth image symbolizes "tense".
The seventh image symbolizes "quiet".
The eighth image symbolizes "congested".
The final ninth image presents "chaotic".

This is an abstract piece that focuses on the transition of a letter to a number. The “S” on the upper left goes through a set of images, gradually expanding and changing shape to morph into the “6” in the lower right corner. What’s interesting about this piece is how all the images are connected together to also create one whole center piece.
