Jimin

Character Design

Character Design

This piece is one of the school work that Jimin has done. The main goal was to design a character from the scratch. She was inspired by an egg, which may seem fragile for a fighter character. The image on the top is the character design and the image on the bottom is the character's environment design.

Jimin

Addiction

This piece is one of the school work that Jimin has done. Using Adobe Photoshop CS6, Jimin has drawn the character from the game Overwatch by Blizzard Entertainment. The full film was done on Adobe premiere pro. The film is about how addiction to game ruins your life.

Poster Design

Poster Design

This was one of the school works that Jimin has done. The first poster's goal was to make a digital monster using Adobe Photoshop program. The second one was to make a zine cover from a favorite subjects. The last one was to make a propaganda poster that will call to action.

Jimin

Funny video Compilation

This video was one of the school work that Jimin has done. Students were allowed to decide the theme or goal on their own. So, Jimin chose to make a funny video compilation that she took with her cell phone camera.
