ABOUT ME

Hello,
My name is Brian Contreras and I
am currently 20 years old studying
graphic design at Queens College.
This is a new passion of mine, as
the only time I had really designed
something was with my yearbook
at Frank Sinatra School of the Arts.
I've practiced traditional art for my
whole life, and I love it, but design
is where I see my future . Feel free
to look through my collection of
traditionally and digitally made art-
works.
